

# SPORTS CONCUSSION:

## Diagnosis, Management, and Long-Term Risk

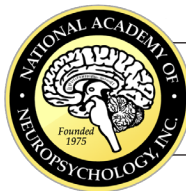

Virtual Workshop | **3.5 CE Credits**

Thursday, August 26, 2021 (US) | Friday, August 27, 2021 (AUS)

5:00 PM – 8:30 PM ET (US) | 7:00 AM – 10:30 AM (AUS)

BROUGHT TO YOU BY:

NATIONAL  
ACADEMY OF  
NEUROPSYCHOLOGY

APS

College of  
Clinical  
Neuropsychologists

Experts in Brain Psychology

The goal of this virtual event is to provide a foundational knowledge of sports concussion, typical and prolonged recovery, psychological sequelae and long-term risks to create a framework for providers who may be involved in assessment and treatment. This workshop is designed to provide foundational information about sports-related concussion to practitioners. While the focus will be on sports-related concussion, the information is of value to all practitioners who work with concussed individuals. Both typical and complicated recovery will be discussed as well as long-term risks.

### WELCOME & INTRODUCTIONS

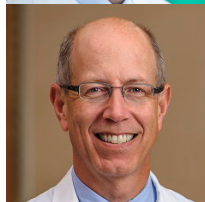

**WILLIAM PERRY, PH.D.**

Executive Director & Past President  
National Academy of Neuropsychology  
Professor of Psychiatry  
University of California, San Diego

**AMELIA SCHOLES DPSYCH (CLIN. NEURO.)**

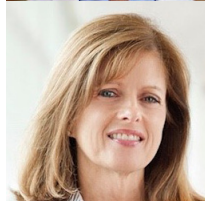

Clinical Neuropsychologist  
CCN National Executive Chair.  
Australian Psychological Society

### OVERVIEW AND ISSUES IN CONCUSSION DIAGNOSIS

**C. MUNRO CULLUM, PH.D., ABPP-CN**

Professor of Psychiatry, Neurology & Neurotherapeutics, and Neurological Surgery  
Pamela Blumenthal Distinguished Professor of Clinical Psychology  
Vice Chair and Chief, Psychology Division, Department of Psychiatry  
Senior Neuropsychologist, O'Donnell Brain Institute  
University of Texas Southwestern Medical Center  
President, Sports Neuropsychology Society  
Past President, National Academy of Neuropsychology

### PERSISTING SYMPTOMS AFTER CONCUSSION

**DONNA K. BROSHEK, PH.D., ABPP-CN**

John Edward Fowler Professor of Psychology  
Department of Psychiatry and Neurobehavioral Sciences  
Co-Director, Acute Concussion Evaluation Clinic at University of Virginia School of Medicine  
Past President and Executive Director, Sports Neuropsychology Society

### AN OVERVIEW OF THE PROFESSIONAL RUGBY PLAYERS BRAIN HEALTH RESEARCH PROGRAM

**ANDREW J. GARDNER, PH.D.**

Associate Professor, School of Medicine and Public Health  
The University of Newcastle, Australia.  
Co-Director, Sports Concussion Clinic, Hunter New England Local Health District.  
Hunter Medical Research Institute (HMRI)

### A CRITICAL REVIEW OF CHRONIC TRAUMATIC ENCEPHALOPATHY

**GRANT L. IVERSON, PH.D.**

Professor, Department of Physical Medicine & Rehabilitation, Harvard Medical School  
Director, Massachusetts General Hospital for Children Sports Concussion Program  
Associate Director, Traumatic Brain Injury Program, Home Base, A Red Sox Foundation and  
Massachusetts General Hospital Program  
Past President, National Academy of Neuropsychology

### Q&A WITH PANELISTS JOINED BY SPECIAL GUEST

**JEFFREY T. BARTH, PH.D.**

John Edward Fowler Professor Emeritus  
University of Virginia School of Medicine  
Past President, National Academy of Neuropsychology  
Past President, Sports Neuropsychology Society
