SNS FELLOWS APPLICATION FORM

Name: _____ Date: _____

Eligibility Review

Criterion I. *SNS Membership Criteria*

Date of Doctoral Degree: _____ (Min = 10 years post graduation) Degree: _____

Degree Granting Institution: _____

SNS Professional Member since: _____ (Min = 5 years continuous membership)

SNS Dues payments (Date): _____, _____, _____, _____, _____.

SNS Meetings attended in last 5 years (list year attended): _____, _____, _____, _____, _____.

Criterion II. *Distinguished Contributions to the Field*

Please respond to sections A, B, and/or C below as applicable to your clinical, teaching, and research endeavors. For those involved primarily or solely in research please note in the application that you are not engaged in clinical practice and respond to sections B, C, and D.

(a) Evidence of exemplary clinical activity

Please describe your clinical work with athletes (Appendix A) who have sustained sports-related brain injuries (be sure to include a range of athlete ages, levels of play, and specific organizations/clubs that you work with). Maximum 750 words.

(b) Evidence of exemplary scholarly activity

Please attach a list of all publications (Appendix B - Peer-reviewed research, books, book chapters, training manuals, protocol development, etc.) related to sports brain injury.

(c) Please provide a list of teaching/training activities related to sports brain injury

(Appendix B - Lectures at national/international symposia, presentations of CE courses, implementation of innovative regional or statewide ongoing education programs, etc.).

For B and C above please provide a brief statement in support of the impact of your scholarly activities on the field of sports neuropsychology. Maximum 500 words.

(d) Please provide a list of your service related to sports brain injury, (e.g. national/international committees, promulgation of knowledge transfer outside of academia, involvement in legislation, board service to non-governmental sports bodies (e.g. NCAA, USA Football, US Lacrosse, US Soccer, etc.), community involvement (beyond coaching), etc. Please label as Appendix C.

In addition, please provide a brief statement in support of the impact of your service activities on the field of sports neuropsychology. Maximum 500 words.

Criterion III. ***Service Contributions to SNS***

(a) Please list all SNS service-related activities and the year(s) they were completed as Appendix D.

Please ask two references to write in support of your application for fellow status. Your references should focus on the extent to which they believe you have distinguished yourself through exemplary contributions to the development of the science and practice of Sports Neuropsychology. We recommend that one reference comes from a clinical neuropsychologist who is a member of SNS and the other from an individual who is not a neuropsychologist (physician, sports organization official, coach, research colleague, etc.) and has worked with you as a sports neuropsychologist.
